

MESSAGE TO MY BELOVED PEOPLE HUMAN RACE
DECEMBER 31 2021

ZULFIKAR MOINUDDIN AHMED

My Beloved People The Human Race,

I am an Archangel of Heaven. I arrived on Earth on November 19 1973, into the fertilised egg of my biological mother, Sadiqua Ferdouse Ahmed. My father was Khondkar Miran Ahmed. They were good to me and I love them very much. I buried my father in 2002. He died then, unexpectedly, following their Islamic customs.

I have some gifts of Heaven for you, my people. One of them are the final physical laws of Nature. These you will find explained in my archived notes [1]. I have most of my notes and other things archives as well [2]. I had some other gifts of Heaven that I thought to produce. Unfortunately the Evil Sorcerer and Demon Soul Bill Gates had been plotting racial murder. My health is not the best, so I won't promise anything more for now. Heaven loves you, Human Race, and is pleased to see that you have made some effort to reduce War and Strife. Do not allow United States to begin a single War in Asia. Keep a constant check on United States Government. They are extremely violent genocidal people. Keep them busy and out of plotting wars in Asia.

With Love,
Zulfikar Moinuddin Ahmed
Archangel of Heaven
