

**FROM THE CENTER OF SAN FRANCISCO I WILL  
TRANSFORM THE ENTIRE GLOBAL POPULATION**

I, Zulfikar Moinuddin Ahmed, Archangel, shall establish organisations that will transform the lives of eight billion people, my beloved people, the human race. And the beacon of our light shall spread throughout the globe transforming lives in all continents, for I, Archangel, will no longer tolerate this miserable situation of our people.

We will apply positive psychology, leverage communication technology for web and mobile. Our hearts are filled with the Angelic Fires of Heaven. We have seen millions of Angelic Worlds over billions of years, and we shall not fail the Human Race. We are displeased by what has transpired in the ten thousand years preceding our arrival and we shall strive to mend the errors of these millenia.
