

**OPEN LETTER TO UN SECURITY COUNCIL REGARDING  
WHITE SUPREMACIST TRAITORS AND WAR CRIMINALS  
FOUND HIGH IN AMERICAN GOVERNMENT**

ZULFIKAR MOINUDDIN AHMED

Some extremely high up American Government Officials – white of course – are known to have been supporting Bill Gates and unreachable even for England. United Nations Security Council can you find the identities of these Traitors to our nation and also immediately accuse them of being *accomplices of Bill Gates for death penalty for War Crimes and Crimes Against Humanity*. If you can, ask US Security Forces to kill them on sight with a good pistol. They are extremely dangerous moles in the American Government. We don't want these Traitors even breathing. They are White Supremacist Traitors who are shredding the US Declaration of Independence Preamble and they are *conspirators to War Crimes and Crimes Against Humanity*.
