

ZULF IS VERY PLEASED TO FIND BILL GATES TOTALLY DISGUSTING

Youth has passed for me. I am these days happy enough if some senses are still working properly. So here I want to talk about *disgust*. Disgust, according to Wikipedia, is is an emotional response of rejection or revulsion to something potentially contagious or something considered offensive, distasteful, or unpleasant.

So why am I happy as a clam to find Bill Gates totally disgusting? Well because I feel that my senses are working right. You see, disgust sense did not arise out of the vacuum. In long Darwinian evolution, Nature evolved for us, homo sapiens this sense, and it is a protector of our life and health. If you randomly find people disgusting, I am not impressed. If your disgust senses are working right, you should find those people disgusting who are to you harmful, offensive, distasteful or unpleasant. Well Bill Gates has been actively with full effort been doing things in meta that are actually offensive, distasteful, and unpleasant. So I am so glad that things clicked and I had a self-revelation and suddenly realised that Bill Gates is canonically disgusting for me. So my emotional senses are in tune with Nature when I find Bill Gates disgusting because he has proven destructive interest in harming me with impunity. So Bill Gates is disgusting. This is very pleasing, very pleasing indeed. Zulf is in tune with Nature and finds the right sort of person disgusting.

1. ZULF TRUSTS HIS NATURAL EMOTIONS

I am not anti-semitic and do not find Jewish people disgusting. Now you might say, "Why does he mention this?" Well because I have spoken to people who do. In high school I was friends with Howard Jeruchimowitz and Kenneth Rosenberg. They did not provoke any unfriendly emotions at all. They were nice and friendly. So I am not disgusted by Jewish people generally. Now maybe one day I will meet a Jewish person who is trying to poison me and kill me and destroy my life and denigrate me. When that day comes, I'll let you know. I worked with Robert Reich in New York. He was not a threat to my health and life. I don't find almost anyone disgusting I realised, even poor dirty hobos. Then I understood that my natural disgust sense is pure and natural. I find those people disgusting who are probably actually trying to destroy me, and so far that is just Bill Gates. Otherwise I am pretty cool with people. I mean in a way I would be flattered if all the bigwigs in the world were all constantly trying to destroy me and ruin my life and health, but alas, only Bill Gates has thus answered whatever mystical call makes people truly want to destroy Zulf. So he's disgusting and that's about it.
