

**UNITED STATES GOVERNMENT DOES DESERVE SOME
KUDOS FOR EXTREMELY SLOWLY TURNING AWAY FROM
BILL GATES**

ZULFIKAR MOINUDDIN AHMED

I will admit that there is some sign that United States Government is taking extremely slow steps to adjusting their attitudes toward Bill Gates and that is good. I will hold to the strong conviction that he ought to have been killed in the 1970s. But I am optimistic and if I get back my natural rights and American Dream soon with \$620 million, I'll brush off Bill Gates and move back to my plans in San Francisco. I don't like Bill Gates and frankly he is a waste of my time.
