

**ZULF WILL HAVE TO DECIDE IN THE END WHETHER
UNITED STATES OF AMERICA AND THE OTHER NATIONS
STAY OR GO**

ZULFIKAR MOINUDDIN AHMED

I am an Archangel Soul. I have responsibilities. I will have to evaluate whether things are going to be okay or not for my Beloved People the Human Race. Now Bill Gates obviously needs to be killed. But I will judge the US Government – Defense, Justice, Senate and other Agencies and Branches to determine whether United States of America ought to be kept or removed. The Natural Rights of 7.8 billion needs to be secured.

Now senior officers in US Government might think that something else is going on, but I am simply much better than all of you at Republic politics. I have had so many millions of years in so many Republics with active involvement in politics in so many worlds, this stuff I can do with both hands tied behind my back in my sleep. You can't even touch me.

Now you can pretend all you want that it will be okay if you let this evil malevolent cunt Bill Gates continue on. Well you will be judged badly by myself. That's not good for you. You want my judgment to be good.

So why don't you show Zulf that you know what you are doing and know right from wrong because otherwise Zulf will get worried about the future of my Beloved People the Human Race, and then I have no problems wiping all of you out in a bloodbath because I did not see something that would work out for Human Race future?

Be good and you will be fine. Don't associate with bad evil people like Bill Gates. Kill them.
