

**AMERICAN GOVERNMENT DO NOT LET GLIB LITTLE  
RETARDED SHIT BILL GATES DRAW YOU INTO CONFLICT  
WITH INDIA**

Look, American Government, I am of Indian descent but I was from an Anglophile Bengali family and I assimilated to Western Culture. Now Bill Gates cut into my deep interior and destroyed vast amounts of Indian meta that was my inheritance. I will strongly warn you against creating hostility with India.

You see, India's culture is deeper than yours. You can believe what you like but years tell the story. India was a Civilisation from Vedic period 1750 BC and earlier. United States' entire history is say from 1620. Let's calculate. You're looking at 400 years versus 3771 years. If you get on their nerves, they won't be kowtowing to you for money or military power. They will keep at it until you are not able to deal with it any more. They are far more proud of their deep history than they let on. Walt Whitman was barely producing authentically American poetry in 1840s. You really want to take on India for the sake of a man who controls a trillion total of American Industry? Don't be foolish. Kill him. You don't even understand. India is India. It will not be changing its tune every five years. If India becomes annoyed it will campaign against you for four *centuries* relentlessly. And they will win in the end because their attention span is not as short as yours.

Don't believe me. Talk to England. Ask England if it is wise to begin a conflict with India on Bill Gates' account. You're suicidal if you do. Look, I am of Indian descent and even I don't start conflicts with India. You will be doing Datta, Damyatta, Dayadhdam all the way to 2500 AD. They are reasonable if you are reasonable.
