

BILL GATES' DELIBERATE PLANS TO ENSLAVE ME WITH META POWERS DELIBERATELY

1. OPEN LETTER AUGUST 4 2021

NEW EVENT: BILL GATES REVEALS HIS DELIBERATE PLAN TO ENSLAVE ZULF BY META MEANS TO US GOVT HIGHER UPS

Ladies and Gentlemen,

Breaking news: August 4 2021.

BILL GATES has revealed in meta to US Govt Higher Ups that it was his deliberate intention to experiment with ENSLAVING myself, Zulfikar Moinuddin Ahmed, an American, by meta powers. I do not know if US Govt Higher Ups were CONSPIRATORS in the diabolical criminal plot but I do know that they do know this. They also know that Bill Gates himself does not consider enslaving nonwhites to be criminal. Given that ever since the Civil War of 1864 United States had strongly confirmed the illegitimacy of enslavement, I expect that every single US Government Higher Official will be thoroughly examined for their involvement with the CONFESSED ENSLAVER Bill Gates and that UN Human Rights and ANTONIO GUTERRES will be involved in this process.

Once again, we know now that BILL GATES had deliberately intended to ENSLAVE me, an American, and I would like to see full paraphernalia of Washington engage with this CRIMINAL ENSLAVER Bill Gates immediately.

Thanks, ZULFIKAR MOINUDDIN AHMED

2. MY PERSONAL PREJUDICES

That Bill Gates is a deliberate Enslaver is 100% certain for me and in fact he has worked for many decades plotting various meta power techniques combining US Military powers, European Black Magic, US Industrial, White Power to find ways of meta enslavement. What is new here is the direct revelation to US Government Higher Ups with me as witness that in fact this was his experiment with me. Now I am American with immigrant papers quite ready for Naturalisation: I have had Permanent Residency since 1997 and my current card expires 2031. Therefore this is a precise issue of United States Law. Enslavement is repugnant to us, the American People, and we did not reach our firm convictions regarding our moral convictions and Conscience regarding Enslavement easily. During Walt Whitman's time, there were factions of Abolitionists and those who were still not against slavery in the 1840s before the Civil War. But the firm entrenchment of our opposition of Enslavement was crystal clear as day by 1960s. In United States Law, Enslavers are especially reviled criminals, and I am quite glad that US Government Higher Ups know with 100% certainty that in fact not only is Bill Gates an enslaver who had chosen me as his victim for over a year, but that he had been experimenting with enslavement powers on me ruining my career, health and denying me funding. Furthermore it is clear where his moral stripes are for he literally said to US

Government Higher Ups that he does not consider enslavement criminal. This puts his moral views and of right and wrong far outside the spectrum of both American public opinion and moral values as well as the global public opinion and moral values. Around the world Natural Rights – including Liberty – and their importance are considered sacrosanct by 78% of the population.

On a subtle note, I will be clear and say that I do not believe that US Government Higher Officials were in the know that Bill Gates was plotting enslavement deliberately of myself. They conspired on other matters, having to do with wealth and race more likely but very unlikely that they had told him to experiment with enslavement of American Permanent Residents of Asian background. I am quite confident that this was a unilateral decision made by Bill Gates. However, US Government Officials are culpable on this particular issue of *severe negligence in securing my Natural Rights* and of bias for Bill Gates, and they ought to pay for their actual crimes and not others that are inapplicable.
