

WHITES ARE SUPERIOR DESTROYS ALL WESTERN CIVILISATION

Bill Gates keeps repeating 'whites are superior'. This is very sad. Western Civilisation is built on stronger loftier values than 'whites are superior'. In fact both Western and Eastern values are much higher than 'whites are superior'.

You look at the cases in history of when one tribe invades and sacks and kills all the men, women, and children with cries of superiority. You look at Deuteronomy. You look at Mongols and Tatars and Huns in their sacking and enslaving and conquest. And you will find that their civilisation level was *higher* than 'whites are superior'. This is just a destructive blind war cry.

What does it say, exactly. It says that my ethnic tribal identity is such that I will enslave and slaughter and sack and pillage other people. Where is the Western Civilisation in this? There is none. This is extremely savage, barbaric, and extremely destructive of all that Western Civilisation has ever stood for.

To the extent that any Western people find sympathy with them they are rot in Western Civilisation. These are people who might have the same *ethnicity* as the Germans, the French, the English, the Danes, the Swedes, the Italians, the Spanish, but they do not have the *values* of these people. They are degenerates in the Western Civilisation. They have erased all that is great and lofty in Western values and Civilisation.

Let's listen now to *Nude* of Radiohead [1].

Don't get any big ideas
They're not gonna happen
You paint yourself white
And fill up with noise
But there'll be something missing
Now that you found it
It's gone
Now that you feel it
You don't
You've gone off the rails
So don't get any big ideas
They're not gonna happen
You'll go to Hell
For what your dirty mind
Is thinking

1. WE MUST HAVE ASIAN MANIFEST DESTINY IN PUBLIC SPHERE IN AMERICA

If American Whites are going to keep doing wars like Korea, Vietnam, Iraq, Afghanistan, and keep going to war on Iran and China, we ought to have open discussion about Asian Manifest Destiny in the public sphere. It does not matter if you think this is a good or bad idea. It should be open for debate in the public

sphere. What do you want to do? Do you want to enslave all Asia? You want to wipe out all Asians and take over their land like you did Native Americans? What's the deal here?
