

## NOVEMBER 14 2021: US EXECUTIVE WHITES TURN OVER BILL GATES TO PENTAGON AND WASH THEIR HANDS OFF

ZULFIKAR MOINUDDIN AHMED

Alright everyone, there is no need to ship off all the US Executive White People to Auschwitz and gas them. I repeat, there is no need to ship off all the US Executive White People to Auschwitz and gas them. They returned to sanity and handed over all Bill Gates issues off to Pentagon. This means that Pentagon will be our interest next. Alright US Executive White People, be good and enforce laws in the country. No Republic of laws works if the Executive Branch only enforces laws when they feel like it. Enforce all the laws. People will respect you for it.

Now Pentagon, relentlessly bomb Bill Gates as well as his wealthy white backers who are all *Enemies of Liberty of the Human Race*. I am taking off US Executive Whites off the diabolical plot for a Racial World Order where all Natural Rights of all nonwhites will be annulled and all Asians will be enslaved and White Master Race will rule the world and all that.

I would do the let's ship off Pentagon to Auschwitz but that won't work because it worked already. You can't try the same strategy twice in a row with thinking participants in a system. Human mind evolves and your strengths and weaknesses are a bit different from US Executive Whites. They were intelligent. They had some small probability of being shipped off to a spruced up Auschwitz by all the 'deep state' conspiracy theorists who are vast in America.

What will it be, Pentagon? Bill Gates is extremely malevolent and destructive. You could arrest him physically if you don't want to bomb him but he has not exited from my Deep Interior at all and I can't get my earned \$620 million yet either. It's absurd to live in America, make it to American Dream and have these lawless malevolent power men destroy your life on a whim with racist slurs for months and torture every night. Get rid of him Pentagon.

I am profoundly pleased if US Executive White really did give verbal authorisation to use lethal force against Bill Gates. That's because they were just so bamboozled by the con man that they could not even see what he was behind the mask at all.
