

ZULF REQUESTS FULL SUPPORT OF STANFORD UNIVERSITY FOR NATURAL RIGHTS WORLD ORDER

ZULFIKAR MOINUDDIN AHMED
ZULFIKAR.AHMED@GMAIL.COM

Stanford University ought to give me a full professorship tenured faculty position and forward me \$100 million immediately. I am owed \$620 million from D. E. Shaw & Co. and Madam Christine Lagarde of ECB that I can use to repay you.

But this note is not only for self-interest. I am quite aware that Bill Gates power exercise with (a) US Industrial Power, (b) US War Power, (c) European Black Magic Power, (d) White Racial Power in my Personal Deep Interior will eventually kill me since my physical body does not have the capacity to resist indefinitely.

However, I have been working to respond to the *Global Dystopian Threat* posed by the *Enemies of Liberty* around the world who are Bill Gates and his Evil Co-Conspirators for Global Racial Order. These vile criminals threaten to produce a Dystopian World Order.

I have produced my own World Order Plan to counter this and immunise my beloved people against future threats of this type. This is my Natural Rights World Order.

I have a poster I made for this some time ago.

I believe that troop deployment being pushed in Washington in Ukraine is a serious threat to more wars against Asia. On the surface it seems to be about Russia, but Ukraine is not endangered by Russian military. Rather, it is *Asia* that is threatened with war. Bill Gates himself has invested tens of billions specifically for wars to enslave and harm 4.5 billion Asians.

Date: February 8, 2022.

The world needs to react before disaster strikes and there is a Dystopian World Order.

Bill Gates has sabotaged \$620 million of my personal income and aggressively invaded my private life meta destructively and caused harm that has more than 50% likelihood of death while he is enjoying the fruits of my Finance genius with \$2 billion invested with D.E. Shaw in my successful Alpha Strategies. United States Government has not intervened at all to stop him. In fact they had colluded with him.

I want Stanford University to get involved in establishing the Natural Rights World Order right away. The only permanent prevention of disease – i.e. White Racial World Order – is a healthy World Order that is reinforced.

You must understand, Stanford University, that there was *no hijacking by Muslim terrorists in 9/11* and that it was Israeli-Mossad sabotage that was designed to trigger pre-emptive aggressive war plans in Asia before the event. These things cannot continue.

The fate of my beloved people, the *Human Race* cannot be left to chance.

1. THE DIFFERENCE BETWEEN PRAGMATIC INTELLIGENT PEOPLE AND PEOPLE LIKE ME WHO LIVE IN AN INTELLECTUAL SPHERE

People who are pragmatic and intelligence are much more concerned that various people are *in agreement* with what they are doing. They need constant feedback from their surroundings in order to consider themselves rational. I am not like that. I live deeper within my soul. So I do not hesitate to make strong conclusions and take strong action that will seem to most people to be outrageous.

In this case, have decided that Natural Rights World Order is necessary for protection and security for 7.8 billion people, my beloved people, and rather than wait for various sorts of people to agree upon this, I took action immediately.

Bill Gates and his cronies are absolutely determined to destroy non-white people in America and are using enormous resources to enslave and destroy non-white peoples in America and around the world. I know that. I do not need to think about what the right reaction is. I don't give a damn whether the local law enforcement and Texas judges think that I am abnormal. I don't give a damn about all that because *I am an immortal genius* and can evaluate the global threat *independently of any bodies in the world telling me*.

I have deemed a Natural Rights World Order to be the right answer, and so I will implement one and produce slightly more robust peace in the world.

Bill Gates and White Order people have succeeded in denying my income, some \$620 million for several years. And I am weaker than them in commercial power and respect of society. On the other hand, I am superior to them in Wisdom and Intellect, so I will provision a World Order that will safeguard the Natural Rights of all Eurasians, note that the greatest threat to Natural Rights are from United States itself, and in particular Bill Gates and his Evil Conspirators with plans to harm my people.

Why do I claim such great authority for myself. The answer is extremely simple. I answer the call of my Conscience first, and every great man has to do the same. There is nothing surprising in this for me. Now others might find it strange and say, "Well this man is a failure. At 50 he hears nothing back from Stanford after sending them and begging them for months and months and months. Sad cat.

That's not my assessment of my situation. My assessment is that I was called by my Conscience and had the responsibility to my beloved people, the *Human Race* to produce a World Order and prevent Bill Gates and White Order from producing misery and Dystopia for people, and so I took action to respond to the demands of my Conscience.

Now I might not *succeed* as these might seem *unrealistic*. That's not my headache. I value and respect my own Conscience and act accordingly.

2. EXPLANATION OF SOME ASPECTS OF THIS BILL GATES PHENOMENA FOR US STATE DEPARTMENT

I am American, and had made this country my home from 13 when I arrived in *New York*. Let me get to the main issues here.

You see, this *Bill Gates* was not just a slacker in high school. He was totally incapable of absorbing anything at all about American History and Government. He does not even understand, at 66, that natural rights are not granted by oligarchs but that people are born with them and that was the great innovation in European Enlightenment thought about political rights especially with John Locke and of course the expansion of these innovative ideas by Thomas Jefferson. This miserable wretched illiterate hick charlatan, this *Bill Gates* is totally oblivious to all of this. He was never actually good at technology. He was a charlatan and he rose with systematic cutting into people's eyes and destroying their interior. He did not succeed because of any innovations in technology at all. He is a virulent Racial Order man worse than any Auschwitz Nazi butcher and an intellectual charlatan, a glib charlatan who spent more time in his life propagating the lies about his 1590 SAT and 160 IQ than actually having even the necessary education to have instinctive understanding that ideas like 'non-white people are not susceptible to pain' is considered totally idiotic in eighth grade biology course but he is an idiot intellectually. However, he is a grave threat to 100 million non-white Americans and billions of non-whites anyway because of his aggressive use of US War Power, US Industrial Power against arbitrary non-whites with political zeal that this is his mission in life, to be at war against unsuspecting non-white people.

United States of America will face wars and delgitimisation quite rapidly if he is not totally destroyed and physically and his assets are not repossessed as soon as possible.

3. BILL GATES IS A MAN DEDICATED TO EXTREME EVIL

The United Nations Security Council Consider with a great deal of power penetrated into Bill Gates' Deep Interior and found that he had *Sacrificed his own Heart To Evil Gods*. He is not just un-religious in a Christian majority country but he is totally dedicated to pure Evil. It is a great pity that he is not caught and killed by US Government and burned at the stake to purify the world of his Evil that is overwhelming and beyond imagination of ordinary good and decent people. I strongly support United States Government apprehending the man, and killing him physically and burning his corpse in purifying fire to rid the world of the stench of pure Evil that he brings to the world of men.
