

# WHY IS AMERICA EXCEPTIONAL?

ZULFIKAR MOINUDDIN AHMED

## 1. FOUNDATION ON SECURING NATURAL RIGHTS

America was founded on securing of Natural Rights of all Americans. That is the first source of exceptional nature of America. But that's well understood.

## 2. THAT I AM HERE

The first source is not enough, and the key to America's Exceptional Nature is actually that I am here in the country and made it my home. You see, this is serendipity. It's obvious to me that if I had stayed in Bengal then Bengal would be Exceptional; if I had moved to China then China would be Exceptional; if I had moved to Iran then Iran would be Exceptional. But I moved to America, so America is Exceptional. This is as simple for me to understand as the air I breathe.
