

BILL GATES THE UNFORTUNATE TRUTH IS THAT YOU ARE THE LESSER MAN AND I AM THE GREATER MAN

ZULFIKAR MOINUDDIN AHMED

1. BILL GATES' LACK OF TALENT IN SCIENCE

Bill Gates has no talent in Science whatsoever and says things like "Scientific theories are Arbitrary". I was a third place winner in Westinghouse Science talent search in high school and I can assure you that no one with any talent in Science would ever say such an incredibly ludicrous and incompetent thing.

At least in Science, Bill Gates is the lesser man and I am the greater man. There is not even much controversy about this. In a decade of effort in great adversity I have produced one of the greatest advances in theoretical physics in the entire history of Science that far exceeds the reach of Schroedinger, Einstein, and Lemaitre. Bill Gates who has some money and racial superiority convictions has no way to deal with this so he has been trying to murder me. Now I have overthrown all racial superiority theories as well with hard data, so he is in a quandary.

Will Bill Gates be the last White Supremacist who dies ignobly with all people ridiculing him and United States bombing him to obliteration? Or will he use his powers to kill me and suppress my great achievements in Science with Four-Sphere Theory?

The deluded malevolent deceptive racist little cunt will have to face the music now. Why? Because no one fucks with Zulf and gets away with it.

2. BILL GATES HAS HIGH CRIMINAL GENIUS BUT LOW POLITICAL GENIUS

Bill Gates' criminal genius to hurt people and to do evil things is much much higher than mine. However my political genius is much much higher than his; in fact I can outdo James Madison and Thomas Jefferson both of whose political genius are very very good. Bill Gates is tone deaf in political genius. He has no acumen. He actually thinks his shabby PR is 'good'. It's Sesame Street material, totally amateur.

WOKE UP HEARING FROM BILL GATES MORE METAS TO KILL ME

The nurse practitioner came by yesterday, a black woman who was quick and professional. I found out my blood sugar measurement was 6.7 and I could be DIABETIC. I fell asleep. Woke up with Bill Gates concerned with all manner of meta to kill me. You see, this rotten slimy low life little cunt, Bill Gates ought to have been killed before he was born. Do I need to show you any more? This rotten slimy low life little cunt blockaded my celebration of some of my best achievements of my life before my blood sugar level was 6.7, getting money for Medium Frequency

Date: June 9, 2021.

Strategy of \$120 million. And you think I will forgive a single little white fuck who thinks he is a National Treasure and not me? I curse you and your progeny to Hell for thousand years all you who think he is more worthy American than I am.

Thanks, ZULFIKAR MOINUDDIN AHMED

I curse all of the white supporters of Bill Gates. along with their progeny to a thousand years in Hell. I woke up today with chatter of Bill Gates' meta magics to kill me after the nurse found 6.7 for diabetes or me yesterday and the slimy lowlife Bill had denied me my \$120 million earned from D. E. Shaw & Co. that was my success.

4. INTERESTING STATE OF NO APOLOGIES WHEN LIFE IS THREATENED

I can't give a damn about sensitivity of White Community or Black Community or any Community at all when my life is threatened. Worrying about that is energy wasted that I ought to use to focus on holding on to life.
