

FINE GENERAL DAVID BERGER AND US EXECUTIVE WHITES I WILL EXPLAIN THE ISSUES

ZULFIKAR MOINUDDIN AHMED

You see, I am American. I am American to US Citizenship and Immigration Services accounting. I am American to my friends in America, from 34 years of life in America. I am American to my friends in Europe who have spent many years with me in Boston and San Francisco and New York. They know me, my habits of reading, my elitist attitudes, everything. They might even know the precise sorts of porno that excite me sexually, my adherence to doctrines of love so I never sleep with women, no matter how attractive, if I don't love them.

To United Nations, all its Councils, I am an Asian-American. They are uniform in their view. They are International Law, David Berger. If they say I am classified as American, then they will not budge at all.

So what is the problem here. You did a consider with UNSC and saw the deep harm done to me by Bill Gates; so did US Executive Whites.

With these preliminaries I will ask you to rationally consider the following: since United Nations is not your old boys network of drinking buddies, they don't really give a damn about extenuating circumstances. At some level of harm done by Bill Gates to me, and American Government inaction for more than a year, they will simply decide United States Government ought not exist at all. They would be right in such a consensus among legitimate governments.

Now you might say, well, this man Zulfikar Moinuddin Ahmed is just one person. Would United Nations really eliminate the entire Nation of 250 years based on one man getting harmed?

Have you read the *Iliad* of Homer, General Berger? Do you know the mythology of the Trojan War? I might not be a beautiful face that launches a thousand ships exactly. But yes, the answer is yes, they will eliminate the entire United States of 250 years based on harm to one person if they deem that United States Government is a grave threat to the human race because the harm is outrageously outside the range of their parameters and the lack of responsibility for not holding the criminal accountable after a year of demanding by the victim shows a willingness to continue this behaviour.

American Government Whites will not understand what the problem is and United Nations will keep re-evaluating whether American Government Whites are in the same level of Civilisation as Europe and Asia. And this will spin out of control and that will be the extinction of the United States of America.

Do I want this? Obviously not. I don't know what the major malfunction is in Washington.

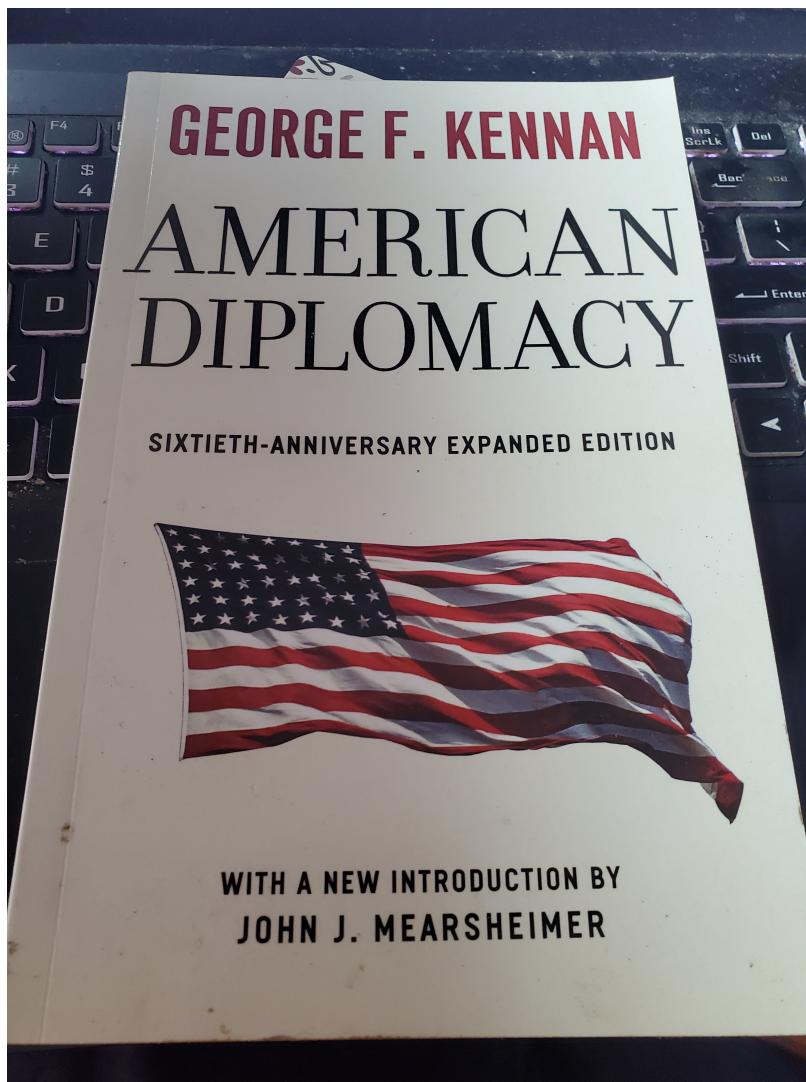

What happens when you say, "We thought Bill Gates was someone else"? Well they will ask you why you did not read Zulf's writings because it looks to us like Zulf was right. Then you will say, "We did not trust Zulf". That's a checkmate

because Zulf has no grave failure of breaking US Law and so you distrusted a law abiding American to protect one of the worst human beings ever born to Earth.

1. DO YOU WANT TO KILL BILL GATES YET?

Look, it does not please me to have to embarrass you but I certainly will since my Life is in danger and your reputation is your problem not mine.

You see this book over here?

Well I am an amateur at geopolitics but I have looked over this book. Do you know how easy it is for me to paint you as Secret Cult of Manifest Destiny Zealots and fry you for me? Do you want to find out?

Don't think I am a one-book wonder over here. I have Zbigniew Brzezinski's *The Global Chessboard* and John Rawl's *A Theory of Justice* and many others. I am a cultivated Princeton Man. What do you take me for?

2. I WILL PREVENT ANY POSSIBILITY OF AN AMERICAN CONQUEST WAR
WITH CHINA

I am not Chinese, but I have experienced the most horrific imaginable situation of Bill Gates invading my eye and destroying my life and career and *during a liberal administration* white people in American Government letting him do whatever he wants including repeating 'whites are superior' repeatedly and torturing my sleep with frivolous harmful experiments which is a crime against humanity. I can only imagine what will happen to Asian-Americans if he manages to get a right wing government and push for a war with China.

I have pushed for a mutual defense pact between Germany, England, France and Russia, Japan and China in anticipation of such an eventuality. My own self-interests are involved as well. I believe in Natural Rights Security universality across the globe above all, so my viewpoint will seem a bit different than Washington norms. But I am quite zealous and brave and do not give a damn who is who and will keep pushing.
