

## **OPEN LETTER TO PROFESSOR HIROSHI TANAKA**

ZULFIKAR MOINUDDIN AHMED

Dear Professor Hiroshi Tanaka,

I am most gratified at your encouragement in meta, and I am indeed pleased that I was fortunate enough to see sufficiently clearly that four-sphere was the correct spatial geometry for existence. I do not hold white people in bad regard at all. It was Lys K. Waltien, the lady in this picture, an Irish Catholic chemistry teacher and coordinator of a Math-Science program at John Adams High School, who had encouraged and cultivated me for Princeton, for deepening my talents in Science and Mathematics, and who believed in me when no one else did.

But right now I am closer to death thanks to the evil malevolence of a certain *Bill Gates*. He is no representative of any ethnicity. Human race is my beloved people, all people of Europe and Asia, Africa and Americas, all are my beloved people. But this *Bill Gates* is special. This man's inferiority *knows no bounds*. The world has never produced a more *inferior wretched miserable creature* than this Bill Gates. He is so unique in his inferiority that he ought to be preserved for study into the nature of inferiority. I have never encountered a more inferior miserable wretch than this *Bill Gates*. I am proud of being American, and considering my fellow Americans as my people as much as I am of my Eastern, Asian roots. I do not make ethnicity distinctions. I do believe that all men are created equal, that we are endowed by our Creator natural rights, of Life, of Liberty, and of pursuit of Happiness. But this is provably so at conception, when within the bounds of a few millimeters the new genetic code of some six billion DNA pairs, have embedded in it  $G_c$  the genetic code in common, that we all share across the globe, and that accounts for 99.9% of our

genetic material, this is the deep mystery of highly universal human nature. And yet after we are conceived, other factors that are external does produce variations – nutrition in mother's womb, inner and outer impulses, and there are differences. This miserable wretch, this horrible malevolent evil man, this *Bill Gates*, right at the moment he was conceived, was blessed to be equal to me at birth and yourself at birth and all men who had ever lived at birth. But he squandered his fortune. He chose a path that led to cascading *inferiority* and eventually became the most inferior of all men with nary any interference from any others.

### 1. GEOPOLITICAL ADDENDUM

I am of Aristocratic Eastern stock of lineage with royal line in three thousand years of Vedic Civilisation, and so I do admire and assess Western Heritage myself. Richard the Lionheart was an exemplary monarch, and I won't go into why. But you consider even Charles I, who was beheaded for treason in England, and you will find a nobler soul than this wretched and miserable Bill Gates, who is of peasant stock, without culture, without cultivation, without deep roots in Civilised behaviour, who is not a gentleman at all and could not be a gentleman in a thousand years. His paradigm of a monarch is simply hubris and arrogance, and even during the time of sacking of Rome by Ostrogoths around 450, he would be a pariah among the barbarian Ostrogoths. It is most distressing that America, such a young nation of only 250 years is beset with the tyrannical savage suitor to power such as this horrible monster.

### 2. I WILL TELL YOU MY ASSESSMENT PROFESSOR TANAKA

My assessment is my own. It does not represent that of the United States State or Defense Departments. Bill Gate put in tens of billions with United States Government for wars in Asia. As you have gathered, the American *Manifest Destiny* ideology did not end in the nineteenth century. After the Second World War, and Hiroshima and Nagasaki, United States continued to seek global military hegemony, and under the rubric of Cold War conducted brutal wars in Korea, in Vietnam, and Iraq and Afghanistan. These wars are part of American Manifest Destiny ideology. This ideology is *purely Genocidal* and led to the Genocide of the Native Americans. Bill Gates is a strong proponent of invasion of China and enslavement. He is extremely enthusiastic about this, and has for whatever reason decided to use US War Power, US Industrial Power, and various European Black Magic and other things to decimate my Ancestral Meta which is disallowed even by White Law in America. I have been active in seeking a pact by all Asian Nations to pledge military non-aggression permanently and instead to pool resources for united defense against the planned wars. There were no Muslim hijackers involved at all in September 11 2001. And yet the sabotage operation by Israel's Mossad was to frame Muslims by publishing photographs in New York Times of 19 people some of them who were interviewed by BBC after the event to no avail. In fact Israel's Mossad just triggered classified war plans that existed in Washington before September 11 2001, and that was what that sabotage was meant for, to gain American public support for wars in the Middle East.

Thank you,  
Zulfikar Moinuddin Ahmed
