PENTAGON TOP BRASS YOU HAVE TWO DAYS BEFORE I MARK YOUR FOR DEATH ALONG WITH YOUR FAMILIES

Pentagon top brass. If Bill Gates is not physically dead by November 25 2021, which is likely, you and your families will be marked on my death list in conformance with my honour code. I will not do this by breaking any law, but it is unlikely that you will be missed.

It looks increasingly certain that I will have to do this. It's fine. You can do something or other but I expect to succeed killing you and your family in the end.
