ZULF'S FEBRUARY 18 2022 4:02 PM REPORT TO UNITED STATES GOVERNMENT BILL GATES IS ANTI-WHITE

ZULFIKAR MOINUDDIN AHMED ZULFIKAR.AHMED@GMAIL.COM

Dear United States Government,

I saw Bill Gates use his power to squish some white people at Harvard Psychology while they were doing a consider to tenure me. I don't like this sort of cunt at all. This miserable, hick, wretched, abominable son of a bitch *Bill Gates* continuously chanted 'whites are superior, whites are superior' for more than a year every two seconds in my meta. And now he shows his true colours, that he is *anti-white*. What else is new United States Government? Do you believe this evil, murderous, abominable son of a bitch *Bill Gates*? He's even a pathological liar about his white loyalty. Serves you right. Now that puts not just 100 million non-whites but 200 million whites also at risk. You should not have fucked over Zulf, United States Government. Now who is the biggest fucktard in the universe, United States Government? Me? Or you?

Thanks, Zulfikar Moinuddin Ahmed USCIS# 046-077-179

1. WELL WHY DON'T YOU INFORM THE TWAT BILL GATES THAT ONLY JEWISH PEOPLE GET PROTECTION FROM TOTAL VERBAL ABUSE?

United States Government, why don't you inform the twat Bill Gates that only if you are Jewish in the West can you do a hell of a lot if someone verbally goes berserk on you? He chose his weapons and is still trying to squeeze the Life out of me like a Python. I don't do Black Magicks and use of US War Power against fellow Americans. I chose my weapons and I shall be the last one standing over here.

2. United States Government Officials Refusing Bribe From Bill Gates To Keep Quiet?

That's bad. I mean it's good, but this will be a challenge for me if I need to get rid of the United States. I will note this down. Better not take bribes, buddy. If you take bribes from Bill Gates your position in United Nations will be too weak to use a veto if you need.

3. Well Asia Will Not Move Against United States Without Full Consensus Of UN Security Council

You see United States Government, I know Asia. They are a lot more legitimacyoriented than you are. You have a veto in UN Security Council. Asia will want full

Date: February 18, 2022.

consensus from UN Security Council and leapfrog your veto. Now if you are good sonny boys – which you are not since you did not wipe out this cunt Bill Gates when he applied US War Power in my Deep Interior– or at least good enough then the veto will check Asian retaliation for this secret war against Asians over here. But what happens when they find out you were korrrupt eh? Did you take a lot of brrrrriiiibes from the little hick charlatan tasteless boy from podunk nowhereville with a taste for walking around in public with jars of human feces? Now don't be shy. Let's have the truth shall we?

4. BILL GATES IS A DEMON

Look United States Government, you are not able to understand this at all. Bill Gates is not a human being who is tycoon etc. He is a literal Demon. He can't even understand all men created equal and republic and equality and all that. He's a Demon. Those things are Angelic. Demons do not actually have the ability to understand any of it. It's like teaching quantum mechanics to a five year old child. He will think it's totally absurd. He does not belong on Earth with humans. He's a lonely Demon who destroys people, takes their things, kills people all the time, is totally evil. He's a Demon. He is not able to change this so he habituated to thinking all white people are Demons. That's the problem. He's just a Demon. Demon worlds exist where hierarchy is the only way. That's why he wants to rule the world. His mind does not have ability to appreciate Republic etc. It's beyond his ability to comprehend okay. Don't pretend that he is an ordinary human who made some money. He's a literal Demon. So he has no ability to do anything else than kill me and 100 million others etc. That's pretty reasonable to a Demon. Understand?

5. I WILL EXPLAIN BRIEFLY WHAT DEMON MEANS

You have to understand my faith. I am not Christian or Muslim. My faith is different. The universe has many millions of inhabited worlds right now and has for trillions of years in the past. This one, Earth, is inhabited by eight billion humans. Human Race is Angel-ic. This means most human souls are Angel-ic souls. This can be verified by the moral value distribution of the human race. Around 95% of the human beings have very good moral values by World Values Survey, everywhere, roughly evenly. That's because the human race is Angel-ic. Life Cores which is my precise version of the theory of Soul of Plato and the variation of Aristotle, is pure Life essence, and is akin to Soul, enters the foetus at conception. Most human Life Cores or Souls with the possibility of confusion are Angel-ic. My Life Core is an Archangel Soul. That's just my faith. Notions of Archangel that I have differ from Christian and Islamic mythology. My Life Core abandoned an Archangel Body and entered my human foetus sometime in February of 1973.

I claim Bill Gates Life Core is a *Demon Soul* that entered his foetus during his conception.

So many millions of inhabited worlds are Angelic like Human Race. Many millions are Demonic. Usually entire races are Angelic or Demonic. Here we have *Bill Gates* who is a Demon Soul who was born on Earth in 1955. What's the difference? The moral outlook is very different because the *natures* of Demons are quite alien to that of Angelic beings. They are hierarchical and dominance oriented by nature. They glory in enslavement and conquest. Bill Gates' lifelong dream was to rule the

world as a cruel tyrant. But the problem is that Bill Gates for whatever reason just began to believe that all white people are Demons just like him.

Now I know this is absurd because I have lived among white people and have European lovers and a white American ex-wife (half Spanish from Argentina and half Irish from Pennsylvania). So I know this is not true, but he is just a lonesome Demon who needed to feel comfortable and just assumed all white people were Demons like him.

That puts the world in grave danger.
